## **President's Message** - Loretta Carnes

Congratulations to our Executive for 2016/2017. It is certainly great to part of such a wonderful team and I look forward to another exciting year. I appreciate the opportunity to represent our Council as President for another term.

On April 7, we will install the new executive. Please join us at the Trevi and show your support. We will also have a guest speaker from The Red Cross Society. The Red Cross provides many services to our community and many are exclusive to seniors.

Our May meeting will be held on Thursday May 12 at the Steel Workers Hall. RSVP will be required. The cost for this event will be \$25. Please contact Connie Z or myself to reserve your ticket. This is the annual Member Appreciation Night. Service Pins and other awards will be presented. Entertainment is being finalized and I am sure you will not be disappointed.

...and for our June meeting. It is time for a backyard BBQ. I invite you to the Carnes' home on Saturday June 4th for an afternoon of Texas Horseshoe, King Kubb, food and fellowship.

## **Good of The Order**

In one of the latest UCT Bulletins we were top of the list for being a Blue Line Sponsor of the Hockey Tournament and the only Canadian Council to do so.

Our 2016 UCT Convention Community Service Project will be collecting NEW books for children ages 0 – 12 for Kosair Charities in Louisville. Collecting books is an easy thing to ask our members to do, the one key thing is that they need to be new books, not used. Let's get a start on this project. While Jerry is away books can be given to Connie Zwarich.

If you know of a member who is ill or know of the passing of a member please contact George Faulkner at 705 522 5289 ext 318 or e-mail george.e.faulkner@gmail.com so we can send a greeting.

## March Meeting - Connie Zwarich

The March 3rd meeting was our Elections. We had 21 members in attendance. After the usual opening formalities and waiting for our meals Rob Rehill gave us a presentation on what to look for when purchasing a new computer. He is a new member and owner of Wizard's computer Solutions. Rob used the analogy of an office desk to explain what the terms CPU and RAM mean and how much memory you would typically need.

Tracey Urso spoke about our new endeavour in battery recycling. She is in the final stages of setting up the program. We will have drop off spots throughout the city. We will have a container at each meeting. So start saving you alkaline batteries.

We inducted two members. Peter McLeod was sponsored by Loretta Carnes and Robert Gauthier was sponsored by Art Connors.

Dave Carnes presided over the elections.

New officers for 2016 2017 are:

**President:** Loretta Carnes

**Past President:** Doug Honeyford

**Vice President:** Don MacDonell

**Treasurer:** Suzanne Fortin

**Secretary:** Connie Zwarich

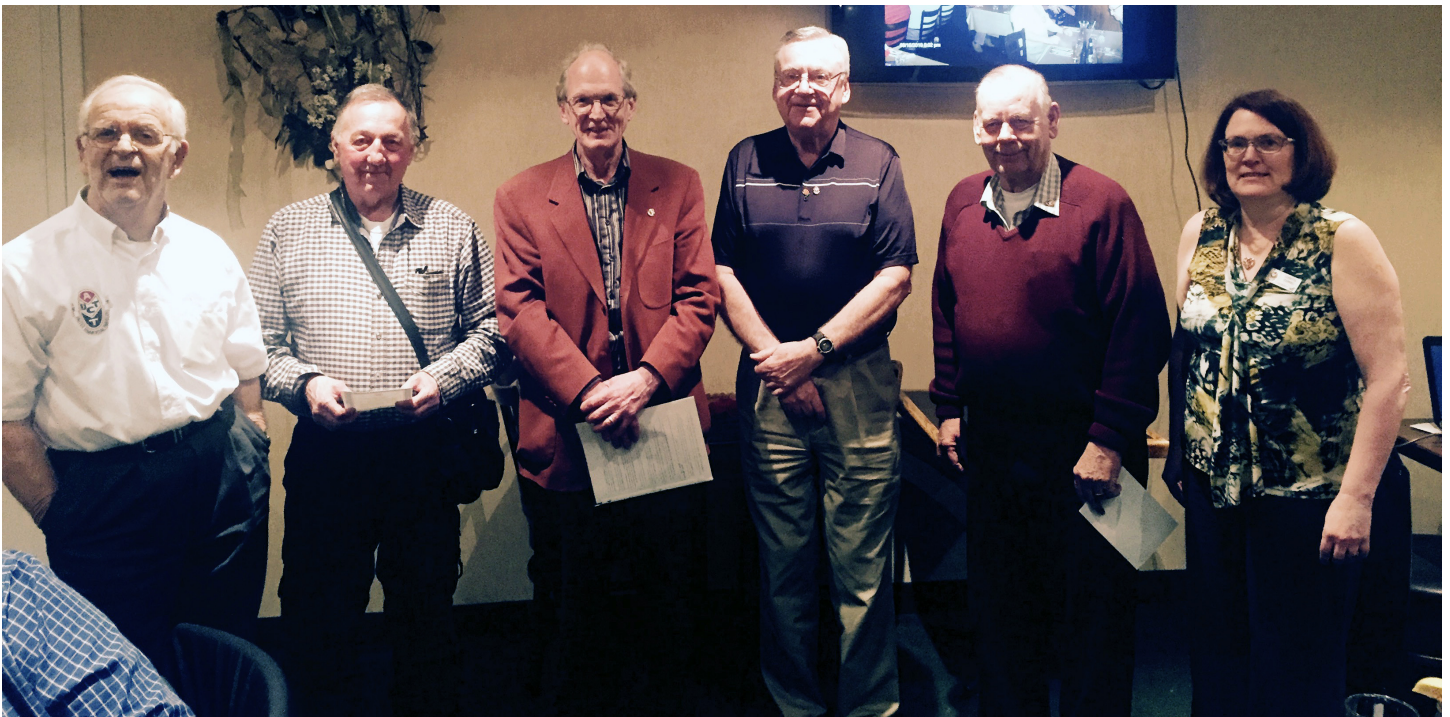

**Executive Committee:** George Faulkner, Gil Hartley, John Varney, Dave Carnes

**Directors:** Tracey Urso, Jerry Giff, Rob Rehill, Gil Charette, Don Delongchamps, Mike LePage, Wayne McCuaig

Motion to adjourn by Art Connors at 7:30 pm

Sherriff's pot was won by Joe Wilcox. We are just too well behaved so Joe only won \$13.25

Members's draw – a whopping \$243.50 was won by Ed Cummings. Sure pays to come out to meetings.

### Golf - Don Delongchamp

This year our 17th Annual Charity Golf Tournament will take place July 23rd at Forest Ridge Golf Course in Chelmsford.

## Wizard's Computer Corner - Rob Rehill

How do files and folders work on my computer, and why should I get a 1 TB drive (Equal to 1000 GB) instead of a 500 GB drive?

Imagine your hard drive as a big filing cabinet. In this filing cabinet you have a file folder called "Photos." You can place all your photos in this one file folder, or you can place a file folder inside the one you already have and call it "Family Vacation 2014," and place your vacation photos from 2014 into that file folder, so then you have a file folder inside a file folder. With your computer you can place as many file folders inside other files folders as you like, and your pictures into any of the file folders of your choosing. It may sound complicated, but picture it in your mind, because a computer's hard drive acts literally almost exactly like a filing cabinet. So where does this storage space (size of the hard drive) thing come in? Well, quite literally it is the size of your filing cabinet. So if you have enough pictures to fill only ½ of a drawer, why would you buy an 8 drawer filing cabinet? A 500 GB drive will store about 46,000 pictures taken by the world's best cameras. Most people will be able to store 125,000 pictures on a 500 GB drive, and those are pictures DIRECTLY from your digital camera. Photos that come from the internet are usually smaller (it's not unreasonable to store literally a million pictures downloaded from the internet on a 500 GB drive.) Most people don't need more than 500 GB. However if you download a lot of music or movies (They are quite a bit bigger, a single movie can take up to 1 GB or even more) then a bigger hard drive may be right for you.
